## DENTAL IMPLANTS CHANGE LIVES

### ALL ON 4

Norm had put off dentistry for many years. He was enjoying his retirement and traveling, but was having trouble eating. We fixed him up with some All-on-4, and now he can enjoy the things he loves comfortably!

“Dr Taler and his staff were very personable and attentive to my needs. They went out of their way to make me comfortable and at ease. I had a complete mouth restoration and am very happy with the results. I would recommend anyone having any major work done on their teeth to consider seeing Dr. Taler for an evaluation, (Glad I did).” – Norm S.

### TEETH IN A DAY

Dave originally broke off a front tooth, and after his consultation with us, he realized he needed new upper teeth. He opted for Teeth in a Day and has loved his new teeth ever since.

“NO PAIN! I tell you what, I had implants placed teeth taken out bone grafting done and I didn't feel nothing! Not one bit of pain! I'm an old guy and have been to a number of dentists but Dr. Taler is hands down the best dentist! I tell all my friends that they've got to go see him.” – Dave R.
